DAILY STORIES

by Margarita Marcos

Today I'm writing this blog about my oldest sister, Sofia. She's six years older than me. It's her birthday today and she's 21. She doesn't live in the same house as my parents and me, but her flat is in the same street. We live at number 22 Spring Street, and she lives in one of six flats at number 28. Sofia is the first person I go to when I have a problem, and she always tries to help. She also helps me

Sofia is the first person I go to when I have a problem, and she always tries to help. She also helps me with my English homework. We all speak Spanish at home, but Sofia speaks English really well too as a second language. She knows some English from school, but she also listens to English music and watches English films. Another thing she is great at is dancing. She's teaching me the tango this week. Tango is really difficult, but I love the music and the dance.

My sister's interested in everything. She loves learning about science on the internet, and she often reads books about history in her free time. She also does three sports: football, swimming and running. She enjoys them all and is good at swimming. She likes camping, and she's learning to play the piano at the moment, too. She can't play very well yet, but she practises every day. She's also planning to learn the violin. She's a very active person! I really don't know how she has time to do so many things!

1 Read the text and answer the questions.

BLACK BEARS

Black bears live in the forests and mountains of Canada, the USA and Mexico. They usually eat grass and insects, but they eat other things too, including fish, small animals and the food people leave at campsites.

Adults are very big and they weigh between 90 kg and 270 kg. They are tall too: when males stand up on two legs, they are about 180 centimetres tall.

In winter, females have two or three babies, called cubs. They stay with their mother for about two years. Scientists think there are around 600,000 of these animals in the wild in North America, but there may be many more.

- Which countries do they live in? Canada, the USA and Mexico
- 1 What do they eat most of the time?

Read the article quickly. What is unusual about this bookshop?

Visiting the *Libreria Acqua* Alta bookshop in Venice

Three young visitors tell us why they liked this unusual place

Elena

The bookshop belongs to Luigi Frizzo. His ideas for the shop are great. During the winter, the sea enters many of the buildings in Venice. But Luigi's books don't get wet because he keeps them in boats and baths instead of bookcases! And not all the books are for people to buy. Old textbooks and dictionaries are now pieces of furniture and art. There are also books on top of each other to make some stairs. I loved climbing up them to the roof and looking out over the city.

Rosie

Last May, I spent a week in Venice with my parents and walked around the city every day. One day, we saw the Libreria Acqua Alta, or 'High Water Bookshop' in English. Outside, it looked like other bookshops. We went in because I wanted a map. We then saw it was very different. It wasn't tidy, but was full of wonderful things: thousands of books and about ten friendly cats! This bookshop was my favourite place in Venice.

Christina

I visited Libreria Acqua Alta one morning in June and I loved it. Many visitors in the shop felt the same as me. I spoke to a lot, and they were not only tourists. Local families enjoy visiting the shop too because it is so different, and you can find every kind of book there. Luigi Frizzo owns the shop, and he was there that morning. He took me to see the building's fire exit. It was very funny - the door just opens onto the water!

READING

Read the blog quickly. Is this school the same as your school or is it different?

Brooklyn Free School

Brooklyn Free School has one part for students aged 11–18 and one for students aged 4–11. Students in both parts choose the subjects they take, never do homework and don't have to take exams or tests. And if they're not enjoying a chemistry lesson, for example, they can walk out, or go to the students' room and read a book. Three younger kids were doing this when I went in there on my visit. Other examples of subjects on the timetable are writing films and building design – a very popular subject.

Some people think this kind of school is a bad idea. They don't think it teaches students the things they'll need when they grow up. They also think the school's only for people who have lots of money. But actually, only 20% of the students pay the whole cost of being at the school.

So what do the students think? One student, Marlon, says in his favourite class he watched a TV show about city life. It taught him a lot. In another, students discussed how people decide about things or vote. They then ate at local restaurants and decided which one they liked the best. Marlon also enjoyed making models of other students in a design class.

But Marlon found it hard when he started at the school. It took more than a year for him to feel comfortable there. He played computer games in the students' room for most of that first year. Now he enjoys classes and says he wouldn't like to go to school anywhere else.

Hi Katie and Pippa!

I hope you're not busy Saturday 16th and Sunday 17th August. Brett Beach Surfing Club is having a family fun weekend. My mum and dad want to take me and two of my friends. I'd love you both to come. We're taking a tent so we can stay at the beach.

It's perfect for you both. There are loads of different activities happening – waterskiing, horse riding, kite surfing, and swimming and running races. There's a diving trip on Sunday morning, too. You can try

all of the activities, and some of them are free. You only pay for the horse riding, waterskiing and diving trip. There are also activities in the evenings. On Saturday, there's an evening trip on a beautiful old wooden boat called *The Blue Adventure*. You go out to sea and have dinner on the boat, 'watching the stars, the sea animals playing and the pretty lights along the coast' (that's what it says on the website!). And later some bands are playing on the beach. It all looks really cool. What do you think?

I really hope you can come. You won't need to bring a lot – our tent's big and we've got all the camping kit. You'll just need to bring your sleeping bag, your swimming costume and a few clothes in your backpack. Mum will bring loads of towels and things like that for us all. Here's the website link so you can see more: www.bbsc.com/bigfamfun. Let me know what you think soon!

Lots of love,

Erin

A new report about the future shows us how our work, home and free time might be in a hundred years' time. In the report, of scientists and designers give their ideas about the future.

They say many buildings will be much higher than the tallest buildings now. We'll also build homes with lots of floors under the ground. But we won't only build on (2) . There may be homes, and (3) whole cities, under the sea, too.

Inside homes, we can already turn on things like the (4) with our phones. In the future, we'll do more from our phones. And the walls inside our homes will move so we can change the shape . Nobody will paint their homes. Every home will have special (6) to give the walls different colours and pictures at different times.

One of the most amazing ideas in the report is that we will take our own homes with us on holiday! People will have special holiday homes, full of all their things, and carry them to their holiday place. We will use large drones (objects that fly without a pilot) to do this. This may mean that people won't use hotels in the future. And when we are bored of that, instead of going away to the beach or another country, we will leave the world and fly to the moon or go to another planet.

1 Read the text quickly. What is Mark Durant's job?

Becoming a **professional gamer**

If you're a very good video game player, perhaps you could become a professional gamer. But it's not easy.

You have to love playing games, and you have to spend a lot of time playing them. The first thing to do is to decide what game you want to play as a professional. Then you have to spend as much time as possible playing it, and learning everything you can about it.

It's important to play the game against better players. You have to find out how they play differently from you. And you must practise by working hard on the things that are difficult for you. Also, don't try to improve too many things all at the same time.

But practising on your own will not be enough. Soon, you must join a group of gamers. It's the only way to become a great player. Talking with others about how you play is really good for your game. Learn the rules of the group before you join – each group is different.

Taking part in tournaments is important too, starting with small local tournaments. It's a great way to see if you play well or not. Later, when you play better, you should enter bigger tournaments with more players taking part.

Mark Durant, a professional gamer, says it's very important to stay fit, too. Sitting at a screen all day is very bad for you. So last year while he was travelling to tournaments, he designed and made some exercise videos. Gamers can use them in their hotel rooms because there's no time for doing fitness classes or other activities.

Do you think you could do this as a job?

What people said about Plymouth Film Festival at the Arts Centre

William

In June, I went to the Plymouth Film Festival for the first time. I stayed with my aunt in Plymouth city centre, and I was there for the whole weekend of the festival. I had a great time. Everything, from the films to the food available in restaurants and cafés near the Arts Centre, was exactly right. But I especially loved the short animated films and the comedies. I can't wait to see more next June.

Milo

The Plymouth Film Festival is always a wonderful weekend. All the people who work to make the festival happen are so friendly and really love the films they show. This year it was difficult to choose which films to see because there were so many different kinds, from horror films to musicals. I wanted to see many more but I didn't have time. The best thing that I saw was the winner of the student's prize. It was a short drama called Uncle.

There were lots of good things about Plymouth Film Festival. The only problem was that it was too short. For me, no other film festival is as good as this one, and I'd like it to be for two weeks instead of two days. One great thing was making new friends after every film - we all loved the films and talked for hours about them. I'd like to go back to Plymouth soon - what a great place. I really want to learn more about its history.

Read the blog quickly. What is Sascha's hobby? Would you like to try this hobby? Why? / Why not?

FOR FUN

A blog by Sascha Marr, aged 14

I've always liked designing things. I remember drawing clothes and shoes when I was eight, and I made my first skirt aged nine. Then three years ago, I began making shoes, and I now spend my free time doing that.

I became interested in making shoes when my cousin told me about an online shoe-making course that he was doing. I immediately wanted to do one too. Mum booked me on a four-day course at the I Can Make Shoes school in London to see if I liked it, and then I did a ten-day course there in the summer holidays.

I loved the courses. On the longer one, I made four pairs of shoes! I couldn't believe it. The teachers were excellent. That's what was best about the classes. They made us work really hard but they wanted all their students to have fun, too.

I've made about 15 pairs of shoes now. At the moment I'm making a pair of trainers using an old pair of jeans, but I've used all kinds of different things before, from old leather handbags to old cotton dresses!

Making shoes has changed my plans for the future. I know now that I want to be a designer, but not a shoe designer. I've decided I'll do home design. I've designed lots of shoes and also some clothes, so I'd like to try something new.

It's been ages since I haven't heard from you! I'm in London now. I'm studying at the Camden School of English! I met lots of people from all over the world here. The teacher is good and the textbook she gave us at the beginning of the course is very interesting. I learn a lot of things from it since then.

Every day, after class, we go into the centre of London. I've already done lots of things! I've the British Museum. It was great! I've went shopping in a market yesterday and bought some clothes. I've bought three T-shirts in the market because they were very cheap and they look really nice. They have only cost me £20.

Right, I must go now. I've got to study for an English test tomorrow – it's on the present perfect.

China is a very large country in East Asia, with grass lands, deserts, mountains, lakes, rivers and more than 14,000 kilometres of coast. China covers an area of 9,388,211 square kilometres. Only Russia, Canada and the USA are larger. China has about 300 languages that people in different parts of the country speak as a first language. About 848,000,000 Chinese people speak Mandarin, more than any of the other Chinese languages. This is also a lot more than the total number of people who speak both English and Spanish as a first language. More people speak Mandarin in China's cities than in the countryside.

Isabella

It's easy to say what's important to me: 4 I love doing all kinds of it. I'm in three school teams so I practise six days a week. Sunday is the one day when I can be lazy, and I watch matches and tournaments on TV then.

Paulina

READING

Read the texts quickly. What kind of books do the boys read?

Uri			
Ned			
Mike			

What do you read?

Three students tell us about what they read

I read a lot but it's not story books that I read. I'm a mountain climber at weekends, and I read two or three magazines a month about my sport. There are some great books about it, too -

I'd like to write one myself in the future. It's only since I've been a climber that I've started reading in my free time. Before that, I didn't enjoy it much. I sometimes go on climbing websites, but I don't like reading a lot of text on a screen.

Ned

I read school textbooks but I've never picked up a book to read for fun. My parents gave me lots of books to read when I was young but I wasn't really interested. Perhaps I will be when I'm older, but at the moment, I spend a lot of time reading online. I can't take my phone to school, but I look at the news at least once a day on my phone, and I like reading about what my friends are doing.

I've always read a lot, ever since I was a young boy, and I always will. I read all kinds of things, from comics to science magazines. I also download a lot of funny ebooks and keep them on my tablet, which I take everywhere. It's great having hundreds of books on that because then, when I'm waiting for a bus or I'm bored at lunchtime, I can read one. I read things online too, but that's usually finding information for homework.
